Their high-energy, engaging curriculum is focused on developing important life skills through the creative outlet of professional acting, role play, improvisation, breath, and yoga. Our mindful approach to communication skills, social awareness, and confidence in speaking successfully builds, balances, and enhances physical and mental flexibility; emotional understanding and regulation; identifying and using social cues; as well as memory, recall, optimism, empathy, self-acceptance, self-esteem.

*Parents, come and play with us!! We need you!*

We need 2 parents to help with all aspects of Enrichment, most importantly helping on Fridays. In return, your kids Enrichment tuition will be competed.

**We LOVE our parent volunteers!**
